LIVE WEBINAR
Antisense as a Strategy for Treatment in Alexander Disease

With participation also by:

Amy Waldman, MD
Medical Director of the Leukodystrophy Center
Children’s Hospital of Philadelphia

Saturday, February 24, 2018 at 10:00 a.m. CST

A question and answer session will follow the presentation. For more information, contact Albee Messing at 608.263.9191 or amessing@wisc.edu.

The webinar will take place using the program Blackboard Collaborate. To test your computer’s ability to connect, we’ve set up a test session that will be open:

Test Session: February 21-23 from 9:00 a.m. - 4:00 p.m. CST (GMT-6)

go.wisc.edu/g59w11

The test session will give you the ability to check your computer for necessary updates. The most common update needed to run Blackboard Collaborate is Java. If prompted to update Java, follow the on-screen directions. If you have problems connecting, please contact Clark Kellogg at kellogg@waisman.wisc.edu.

WEBINAR LINK
Saturday, February 24 at 10:00 a.m. CST (GMT-6)
You will be able to login starting at 9:30 a.m. CST

go.wisc.edu/je1693

You will need audio speakers to hear the webinar. To ask questions, please use the CHAT box on the lower left side of your session window. If you have problems during the webinar, please contact Clark Kellogg at kellogg@waisman.wisc.edu.
