

Options for Finding Child Care and Summer Programs

Community Coordinated Child Care (4Cs)

The Resource and Referral Department maintains a database of all regulated child care programs within our five county service delivery area (Columbia, Dane, Dodge, Jefferson, and Sauk counties and the Ho-Chunk Nation). Referral Specialists assist parents with their search for early care and education for their children. Information from our database provides parents with a current list of regulated child care professionals that allows parents to locate care to meet their specific needs.
